

An Afternoon of “Serious Playing”

On 22nd June 2018, a total of 45 registered guests and ELITC’s staff gathered for a cosy buffet lunch and networking at the Orchid Country Club, thereafter an interesting hands-on workshop on **CHANGE MANAGEMENT LEGO® SERIOUS PLAY®** facilitated by Mr Arul John Peter and team.

Mr Arul delivered the topic with his light-hearted personality and got the audience to recognise the evolving Change Management Practices. He injected fresh concepts and ideas through the use of LEGO Bricks, to allow a better perception of factors that promote or hinder commitment for change within an organization. The participants had a creative time by building their own LEGO bricks to showcase to the class, while sharing thoughts.

For more information on Mr Arul’s programmes using **LEGO® SERIOUS PLAY®**, you may contact ELITC at emarketing@elitic.com to enquire further.

Join Us for an Afternoon COACHING MILLENIALS & GEN Z AT WORKPLACE

Date: 12 October 2018 (Friday)

Empowering beliefs when coaching Millennials & Gen Z

Advanced registration is required for the above workshop. Corporate sign-ups only.

To register, contact us at 6483 2535 or email at emarketing@elitic.com

Announcement of Achievement

ELITC is pleased to announce and congratulate one of our long-time attendees, Mr Alan Koo Teck Chye (*Pictured on right: in blue shirt*) of the Workforce Skills Qualification (WSQ) programmes, who has been awarded the **SkillsFuture Fellowships 2018** by the President of the Republic of Singapore on July 31st, 2018.

SkillsFuture Fellows are recognized as masters of their domains and shapers of Singapore's future. For more information, visit www.skillsfuture.sg/fellowships

As Mr Koo puts it:

"I started my WDA courses with ELITC way back in 2012 and took many of their certification modules like the Associate Operations Executive (AOE) course in 2015 and gained competency in this domain, this helped in my work at ST Engineering Electronics SatComS.

ELITC is a great learning place for me because all the Trainers have a caring heart to share their knowledge with their learners. During my journey, I made friends; we learnt from each other, and kept in touch, even long after completing our course.

Lifelong learning is part of Continual Improvement and I am thankful to ELITC for helping me live a fulfilling life, knowing that I can always help my fellow colleagues to be more productive at work."

Alan Koo - Compliance Officer, ST Engineering Electronics SatComS

SkillsFuture Fellowships & SkillsFuture Employer Awards 2018

Guest of Honour

Madam Halimah Yacob

President of the Republic of Singapore,
Patron of the SkillsFuture Fellowships & SkillsFuture Employer Awards
31 July 2018

Is there a need to achieve manufacturing excellence?

How about embarking on a proven methodology?

JOIN THE OMNI PROGRAMME

The PE WSQ Operations MaNagement Innovation (OMNI) Programme is designed to accomplish and support your company's strategies. Based on R&D, its methodology has been proven through highly successful applications in various sectors of the manufacturing industry. OMNI consists of two parts: classroom training and mentorship.

3 Course Units:

- Understand Operations Improvement Fundamentals
- Improve Operations using the OmniMethodology™
- Develop Action Plan using the OmniMethodology™

Suitable for key personnel - engineers, managers and senior staff of companies to be technology innovators

Contact ELITC at 6483 2535 or email emarketing@elitc.com to find out more. We will be glad to assist on the information.

The PE WSQ OMNI Programme is a joint initiative by the Singapore Institute of Manufacturing Technology (SIMTech), a research institute of the Agency for Science, Technology and Research (A*STAR) and the SkillsFuture Singapore (SSG)
